B

EXPERIENCE

Integration Development Analyst · *Raiffeisenbank Czech Republic* JAN 2025 — PRESENT
PRAGUE · BANKING

- Mapping legacy TIF integrations and designing the migration to a clean REST API — endpoint by endpoint, no big-bang
- Writing REST interface specifications, UML and sequence diagrams for the new integration flows
- Built several MCP tools that automate API documentation work — now used by most analysts in the integration team
- Coordinating development, integration and external vendors across workshops with TIF-connected teams
- The new MCP tool is now implemented into the workflow of the entire analytical department and is being connected to a new project delivered by an external company

IT Analyst · *Granton AI* SEPT 2024 — JAN 2025
PRAGUE · AI / STARTUP

- Designed the AI pipeline for accounting assistant Billy — OCR, LLM extraction, accounting-rules check, ledger entry
- Implemented Czech accounting logic so LLM outputs match the local legislation
- Built the first user-facing UI for tracking documents in processing
- Optimised LLM prompts — extraction accuracy went from ~60% to ~90%
- Billy now serves several accounting firms in the Czech Republic

IT Analyst · *MONETA Money Bank* MAY 2022 — AUG 2024
PRAGUE · BANKING

- Two years on the internal banking app for the branch network — one of the bank's most critical systems
- Designed workflows on the in-house low-code platform UFO Framework (UML-based)
- Specified API integrations across the bank — mortgages, KYC, credit cards, current and savings accounts, investments
- Handled incident management — both technical diagnosis and keeping the room calm
- Learned to read systems nobody wrote in one piece and nobody quite remembers

EDUCATION

Bachelor (Bc.) · *Industry 4.0* 2022 — 2026
VŠEM — UNIVERSITY OF ECONOMICS & MANAGEMENT, PRAGUE · PRAGUE · IN PROGRESS

Bachelor (Bc.) · *Software Development* 2020 — 2022
UNICORN UNIVERSITY · PRAGUE

Maturita (high-school diploma) · *Informatics in Economics* 2016 — 2020
SECONDARY VOCATIONAL SCHOOL IN BLATNÁ · BLATNÁ
